Department of Education Information on School Contributions and Charges

The continued partnership between the school and parents is vital to ensuring that all the students receive a level of education that will be sufficient to prepare them for when they leave school.
We run a varied and engaging range of subjects for students at Narrogin SHS and encourage all parents to continue to support the school through payment of contributions and charges. These payments are used to purchase textbooks, materials and other resources students use in their everyday classes. This will ensure we continue to have the capacity to provide a wide range of opportunities to our students.

Year 7-10

Contributions are requested from parents towards the cost of materials, services and facilities used by Year 7 to Year 10 students in the educational program. The amount of contributions will not exceed $235.
Charges for selected Optional choice subjects are outside the basic core program and will incur additional charges that are excluded or additional above the basic contribution of $235.
All students are responsible for provision of personal stationery items necessary for the subjects they study as per the stationery list. Please ensure your child has the required stationery for all classes.

Compulsory Charges

Year 11 and 12 Charges are subject charges and payment is compulsory.
Whilst there is no maximum charge, the school will endeavour to keep costs to a minimum.
If a high-cost option has been chosen, the school requests a 50% deposit by the end of Week 2 Term 1 with the remaining 50% to be paid by Week 1 Term 2. For students to confirm their place in their course of preference for the following year.

There is the option to place students into a lower cost subject if the charges are not paid.

Compulsory charges are applied to high-cost electives chosen by students in Years 7-10 and to all Year 11 and 12 courses.

Vocational Education And Training

Narrogin Senior High School provides a broad range of Certificate courses in partnership with Registered Training Organisations (RTOs). All qualifications are nationally recognised. RTOs are licensed under the Training Accreditation Council (TAC) or the Australian Skills Quality Authority (ASQA) to deliver and assess these qualifications. They will be advised of the students enrolled in these courses in February 2026. A certificate or statement of attainment will be issued by the RTO to students who successfully complete all course requirements. Certificates are delivered to the school and then presented or posted to students. Due to external auspicing and delivery costs charged to the campus, **students will not be enrolled into Certificate courses until 50% of the certificate payment has been received, with the final payment required by the end of Term 1 2027**.
The first Certificate Course of lesser value is covered by the school profile, all further Certificate courses will incur a charge.

Payments can be made at the Administration Office.

Allowances to help with the costs of schooling - Secondary Assistance Scheme (SAS)

The Western Australian Department of Education provides an allowance to assist eligible families with secondary schooling costs. The allowance consists of two components:

· Clothing Allowance – $115.00 paid directly to the parent or the school.

· Educational Program Allowance $235.00 paid directly to the school.

Application is made by the parent or guardian for students enrolled in Years 7 – 12.
The allowance is paid up to and including the year the student turns 18 years of age.

Eligibility Criteria
Parent or Guardian must hold one of the following cards:
· Centrelink Family Health Care Card.
· Centrelink Pensioner Concession Card.
· Veterans' Affairs Pensioner Concession Card (blue card issued annually).

Parent/guardian must be the holder of a card that is valid during the first term with the student's name on the card. The only exception to this is when a student holds their own health care card and has been declared independent by Centrelink (eg. living away from home). In this instance, a letter of confirmation from Centrelink needs to accompany the application.

Allowances to help with the costs of schooling - Secondary Assistance Scheme (SAS) & Clothing Allowance

Education Program Allowance/Secondary Assistance Scheme

Successful applicants will have the Program Allowance of $235 paid directly to the school to reduce the contributions payable by the parent/guardian in Years 7-10 and the course charges in Years 11 and 12. More information can be found at the following link.

www.education.wa.edu.au/secondary-assistance-scheme

Clothing Allowance

The Clothing Allowance of $115.00 will be paid to the parent/guardian unless you indicate on the application form that you wish it to be paid to the school. If payment to the parent/guardian is requested, the payment will be deposited into the parent/guardian's bank account. Payments made to the school will offset a voucher for SportsPower for uniforms or alternatively any charges on the students C&C account.
