Principal's Message

Ms Melissa Walker

We have had a magnificent (and extremely busy) start to Term 4! It was with absolute pride that I was a part of the 2019 Presentation Ceremony where the school community had the opportunity to celebrate the achievements of and formally farewell our Graduating Year 12 students. These students have completed thirteen years of formal schooling with most achieving WACE, either through an ATAR score or completion of a Certificate Qualification. We wish the 2019 Year 12 cohort all the best in their future endeavours. A special thank you to our 2019 head students Ryan Blechynden and Chloe Hanson and Prefects for the fabulous job they did in leading our school throughout the year.

I would also like to take this opportunity to formally thank Mrs Kristy Johnson, Mrs Prema Sexton, Mrs Sue Castle, the Deputy Principals and all the staff for the work they have done to ensure that our Year 12 students stayed on track and completed the work necessary towards achieving graduation. It takes a lot of hard work to get students through to graduation and the staff at Narrogin Senior High School continually demonstrate the commitment and dedication to ensure that our students get the opportunity to achieve their best.

Student Mobile Phones in Public Schools Policy

Earlier this term the Premier, Hon Mark McGowan and Minister for Education, Hon Sue Ellery announced the 'off and away all day' new student policy for mobile telephones in public schools from 2020. In response to this announcement the Department of Education has issued a policy statement that does not permit students' use of mobile telephones in public schools unless for medical or teacher directed educational purpose. These exemptions would be by proper arrangement. However, schools can have a complete ban of mobile telephone use across the school as determined by their school community. Some key points from the policy are:

- 'Mobile telephones' refers to a range of electronic devices including associated listening devices (including headphones)
- Mobile telephones must be turned off and neither seen or heard whilst on school site and throughout the school day.
- Smart watches are required to be in 'aeroplane mode'.
- Communication between parents and students, during school hours, should occur via the school front office.

The school staff with the support of the School Council will be developing our school policy for distribution as soon as possible. This will be widely spread to the school community so that all parents, students and staff are fully aware of the expectations at Narrogin Senior High School for student mobile telephones.

School Plan 2020-2023

Throughout 2019 the School staff in collaboration with the School Council have been working hard in developing our new School Plan. By the end of 2019 we will have a School Plan for implementation starting 2020.

Our priorities for 2020-2023 have been identified as:

- Effective Teaching, Learning and Leadership
- An Orderly Environment
- Positive Relationships and Partnerships

A key element of our School Plan is the Narrogin Senior High School Integral framework which describes the underlying factors and sets the collective culture of our school.

Integral Framework:

iCARE – *we care for our community* – we value and nurture our whole school community as well as our environment.

iLEARN – *continually improving to achieve excellence* – all members of our community have a growth mindset and identify learning and performance goals to achieve excellence.

iTEACH – *contemporary engaging learning experiences* – we consistently implement our Pedagogical Framework implementing high impact teaching strategies to maximise learning time.

iLEAD – *everyone is a leader* – our distributed leadership model focuses on building the capacity of all members of our community as effective leaders.

I am really excited about the new School Plan 2020-2023. It sets a clear and concise strategic direction for the school. I look forward to our continual improvement journey.

2020

In 2020 I will be on leave from our school. The Department of Education is in the process of undertaking recruitment for the 2020 Principal. Once the process is completed, an announcement will be made to the school community. I am looking forward to many adventures in 2020, however my heart will remain here in Narrogin and I am looking forward to my return in 2021.

Independent Public School (IPS)

In 2020 Narrogin SHS has the opportunity to apply to become an Independent Public School (IPS). Fred Steer Chairperson of School Council and I (and incoming 2020 Principal) will work with the school community to apply to the Department of Education to become IPS. Our school is an excellent school and if successful in becoming an Independent Public School will continue on our pathway of success. If you have any queries please contact Fred or myself for further information.

Middle School Deputy Ms Sandii Stankovic

Term 4 is shaping up to be as busy as usual whilst excitingly preparing for 2020.

Year 11 & 12 students have been provided their subject list for 2020 and have been asked to examine these. Students that require any amendments can do so by making an appointment time to see me to examine the options available.

The school start time is changing in 2020. The school day will commence at 8.40am. This is to accommodate the feedback from the whole school community regarding the arrival of students in the morning being early and to also extend recess and lunch time. This amendment will allow us to still finish the school day at 3.00pm.

The school times will be as follows:

ADVOCACY	8:40am - 8:50am	10 minutes
PERIOD 1	8:50am - 9:52am	62 minutes
PERIOD 2	9:52am - 10:54am	62 minutes
BREAK 1	10:54am - 11:24am	30 minutes
PERIOD 3	11:24am - 12:26pm	62 minutes
PERIOD 4	12:26pm - 1:28pm	62 minutes
BREAK 2	1:28pm - 1:58pm	30 minutes
PERIOD 5	1:58pm - 3:00pm	62 minutes

In 2020 Form will be replaced with Advocate groups. The objective is that students are linked to a staff member that will be an advocate so that we can ensure that each student is known well by at least one adult in the school. We are still developing this program and how it will be organised. Attendance, notices etc will still be addressed within this time.

To ensure we continue on our journey of whole school improvement we are looking at updating our information systems. We are examining implementing Compass for attendance notices so that we can keep parents/carers in the loop in real time in regards to their child's school attendance. It seems that our unexplained absences are a challenge whereas parents/carers are able to easily communicate to the school the reason for the absence promptly through Compass.

Individual NAPLAN results were distributed at the end of last term. There were some acknowledged achievements such as:

- Year 9 Writing performed at the Australian mean
- Year 7 to 9 progress in Writing was moderate to very high.
- Year 9 Reading performed above like schools
- Year 9 Numeracy performed above Australian mean
- The Year 7 data provides a solid benchmark for our improvement targets.

Senior School Deputy Mrs Karen Thomas

It is hard to believe that we are almost halfway through Term 4 of 2019. The Year 12 students have completed their schooling with the ATAR students currently completing their final exams. The Year 12 Presentation Ceremony truly showcased the excellent achievements of our Year 12's. The Year 12 Farewell Dinner was a most enjoyable event and embodied the personal growth of our year 12's. I wish all our Year 12 students every success in their future endeavours.

The term has been busy with NAIDOC Day, Aspiration Day and Year 11 examinations. Year 11 students are working towards the completion of Year 11 and ensuring they are on track to meet WACE requirements in 2020. The final day for Year 11 students is 22 November 2019.

OLNA results were distributed during the early part of the term. Well done to those students who have achieved a category 3 in Reading, Writing and Numeracy and also to those students who have progressed from the testing at the start of Term 2. Students have 6 opportunities from Year 10 to achieve a category 3 in the 3 domains. The next round of OLNA testing will be in March 2020.

Events to look forward to are the Prefects Camp on the 21 and 22 November and the Try A Trade program for Year 10 students from the 3 to the 6 December.

The focus for the Senior School over the remainder of the term is to finalise all class work and assessment tasks so that the end of year reports are a true representation of each student's abilities.

WE WELCOME OUR THERAPY DOG, COSI

Cosi, the Greyhound, joined the Student Services team on Tuesday 5 November accompanied by some of his friends.

Narrogin Senior High School

Year 12 Presentation Ceremony

Narrogin Senior High School (NSHS) held its annual Year 12 Presentation Ceremony on Friday 25 October 2019 with over 450 staff, students and family, special guests and community members in attendance.

Miss Laura Van Rijn, a former NSHS student, was honoured to return to address the outgoing Year 12 students as Guest Speaker and Performer. Miss Van Rijn is a professional flautist for which she has travelled across Australia, New Zealand, the UK and China performing with small ensembles as well as with Sydney Symphony Orchestra, Auckland Philharmonia and Opera Australia. She is currently a Music Teacher at Christ Church Grammar School.

At the Ceremony, all Year 12 students were welcomed individually to the stage, with the Year 12 students' below being recipients of school and subject awards.

Other highlights of the Ceremony included performances by the NSHS Senior Band and also Year 12 Music student Ethan Curley performing 'I See Fire' by Ed Sheeran, Ryan Blechynden and Chloé Hanson addressing the audience for the final time as Head Prefects, and Valedictorian Rohan Whitely-Yzerman's speech encouraging his peers to challenge themselves, accept setbacks and to embrace and learn from opportunities.

Congratulations to:

Year 12 Dinner

2019 Canberra Sydney Study Tour

At the end of Term 3, 42 Year 9 students and 5 teachers departed for the annual Canberra and Sydney Study Tour.

Highlights of the Canberra portion included taking part in the Last Post Ceremony at the Australian War Memorial and re-enacting Bills and Debates at Old Parliament House.

Snow Day was next and is always a favourite amongst students and staff alike.

The final stop was Sydney where many memories were made including the visit to the iconic Sydney Opera House, walking along the Harbour Bridge and visiting Martin Place and the set of Sunrise. It was here that students were complemented on their fashion style by Kocie and Mark Beretta and appeared on national TV. Ultimately the trip was a huge success down to not only the hard work and efforts of staff but importantly the positive attitudes of the students and their commitment to being exceptional role models for Narrogin Senior High School.

Miss Donavon
Teacher HASS

Perth Zoo Trip

Year 12 Human Biology and Year 11 Biology students visited Perth Zoo as part of their studies. Human Biology students learned about primates and human anthropology, with a talk from Perth Zoo primate specialists. They undertook some up close studies of primate features and behaviour. Biology students learned how zoos contribute to conservation and biodiversity, research and breeding programs. This excursion provides a great opportunity for our students to apply and consolidate the theoretical learning received in the classroom. The students will apply this new knowledge to their continued learning in the Biological Sciences.

Mrs Kristy Johnson
Teacher Science

Student learn about the zoo's research and captive breeding programs.

Caitlynn Blechynden, Imogen Morgan, Chloe Turnock and Alanna Hill meet Nutmeg the shingleback lizard at the Perth Zoo Biodiversity talks.

Year 11 ATAR Biology Fieldwork

Students conduct an early morning catch and release to monitor the Woylie population within the woodland.

Biology students conducted fieldwork at several sites around Dryandra Woodland as part of their study into the impact of fire, fire management and biodiversity.

Working alongside The Department of Biodiversity, Conservation and Attractions - Parks and Wildlife Service, students surveyed plant life at different locations, got up close with some endangered marsupials and helped to collect data that will be used in future monitoring.

Thanks to Ms Clark for all her organisation, Mrs Harris, Mrs Pattullo and Mrs Bee for making sure we were well fed; Mr Hall, Miss Edwards, Mr D'Cruz and Mr Piasini.

Mrs K Johnson

Charlotte Tinley and Caitlynn Blechynden record data on their transect survey.

Students investigate the impact of controlled burning on biodiversity.

Woylies at Barna Mia. Red filters on spotlights do not disturb nocturnal animals, so their behaviour can be observed.

Possum count. Night surveys with red lights are a great way to see nocturnal animals in their natural habitat. Also a great way to walk off a fantastic meal!

Aspiration Day

On Wednesday 30 October our Year 9, 10 and 11 Aboriginal students participated in the 2019 Aspiration Day.

The event was attended by 12 businesses and organisations who set up displays and spoke to the students about career pathways and options within their company or organisation.

The students worked their way around the John Higgins Centre confidently asking questions and recording their answers in the workbooks provided. Claudia Collard (from Maxima) and Chanté

Kickett spoke to the group about School Based Traineeships and their advantages. Chanté Kickett is currently engaged in an Aboriginal School Based Traineeship at NAB. Taya Olman and Latia Kickett also spoke to the students about their experiences once leaving school and obtaining full time employment with the Shooting Stars.

It was a great day enjoyed by all with students exploring the many different options available to them once they leave school.

Mrs Karen Thomas
Deputy

Australian Mathematics Competition Awards Night

The Australian Mathematics Competition (AMC) is an international event that is conducted annually. It is an engaging 30-problem competition that demonstrates the importance and relevance of mathematics in students' everyday lives. The competition is open to students in years 3 to 12. This year our school had 138 students participate in the AMC.

The performance of our students was very pleasing. We would like to congratulate our Year 7 NAEP student Lilli Beresford who ranked in the top 6 in the Year 7 category for WA. Lilli and her family were invited to attend the 2019 AMT awards ceremony in Perth last week. Hosted by Australian Mathematics Trust, the purpose of this event is to celebrate the achievements of Australia's talented students. Congratulations Lilli!

Mr David Fung

ACADEMIC GROUP

Start the new school year with confidence! Academic Task Force is offering Head Start courses during the January holidays at Churchlands SHS and Rossmoyne SHS. You will receive an overview of the syllabus for your courses, preview important concepts and get an academic boost for the year ahead. To enrol visit www.academicgroup.com.au or speak with your Student Manager for a brochure.

Leeuwin Ocean Adventure

Aimee Grzinic Sailed the Leeuwin

From 28 September to 2 October I took part on a 5-day youth explorer voyage on board the STS Leeuwin II. I went on the voyage 1912 sailing from Fremantle to Fremantle.

While on the ship you get put in a 'WATCH' group of 10 people with 1 or 2 watch leaders. In these groups you get to make new friendships and have fun while doing jobs around the ship. You get given the duties to clean the ship while listening to music to get you pumped up, and wash dishes after every meal, the food was amazing!

Some of the team skill activities experienced on the Leeuwin are setting and furling the sails, climbing the masts and working at heights, and standing watch while sailing through the night.

On night watch we saw other ships passing by and had to tell the captain about what we saw. Almost every day we saw a whale out in the distance which was so cool to see. We even saw two seals playing in the water just next to the ship.

I unfortunately got sea sick in the first few days but by the end I was enjoying every little bit and had so much fun laughing and learning new things with likeminded people.

I was pushed out of my comfort zone by making new friends with 40 other people I had never met before, trying new skills and being in a completely different environment. The ship is a phone free area for the days you are away, this challenges you to make conversations with people and get to know them more without the distractions of a phone.

I thoroughly enjoyed my time on the Leeuwin and highly recommend it to anyone who wants to get out of their comfort zone and experience a whole new involvement in something different. You will learn life skills, team skills and leadership skills, all while creating lifelong friendships and memories.

Aimee Grzinic
Yr 11 Student

Lexie Hall to Set Sail

We congratulate Year 11 student, Lexie Hall, on being selected as the successful candidate from Narrogin for the Newman's Own Sponsorship to attend a 7-day sailing adventure on the Leeuwin Voyage in March 2020.

The Leeuwin Ocean Adventure prides itself on providing a life-changing adventure for participants, building resilience, developing their leadership, communication and problem-solving skills, and helping them achieve their personal best.

The Newman's Own Foundation formed by Paul Newman in 2005 believes that each of us, through the power of philanthropy, has the potential to make a difference.

We are positive Lexie will embrace this wonderful opportunity provided by the Leeuwin Ocean Adventure and the Newman's Own Foundation and we look forward to hearing about her amazing experience afterwards.

Year 8 Fitness Testing

In weeks 2 and 3 the year 8's completed their fitness testing. Feedback from staff and students was that holding the testing as a year group was very positive. Fitness testing is a challenging yet achievable task, that allows an individual to gauge where they are at, in relation to their peers in school and across Australia. Thirteen tests were conducted. A big thank you to the Year 11 Certificate II Sport & Recreation students who assisted in the administration of the tests.

Tynan Gower (pictured) ran 10.4 in the Beep Test. Other boys over Level 10 were Bryce English, Josh Jensen and Connor Logie.

Mr Andrew Corner

Regional Country Zone Tennis

Hayley Page

Lucy Kilpatrick

Maddie Andrews

The Foundation and D'Arcy Slater Cups are prestigious Girls and Boys Regional Tennis Tournaments held annually in WA. Each Regional Country Zone is invited to enter teams of their best junior female and male tennis players aged thirteen and under. From this event, a composite team of girls and boys are selected to represent Western Australia in January each year. It is with much pleasure that I inform you that Hayley Page, Maddie Andrews and Lucy Kilpatrick have been selected to represent the Upper Great Southern Tennis Association.

During the recent school holidays, the children attended training and selection in Narrogin. They are to be commended for their dedication and the high level of sportsmanship displayed both on and off the court. I congratulate them on their selection in representing Upper Great Southern Tennis Association (Inc). They are wonderful ambassadors for the local community and their school.
